

## **A la Carte Portrait Pricing**

Our a la carte pricing offers you the flexibility of selecting any pose in any size.

Each pose your select will receive our “Special” treatment; individually edited for imperfections, brighter eyes and teeth, color balanced, and printed on professional paper for a beautiful portrait.

Every portrait of 8x10 or larger is spray protected and adhered to 3/16” foam core board for durability. This output does not need to go under glass. It is easily dusted with a clean, dry cloth.

Your main portrait will be framed (for protection) in a complimentary style to your décor. We guarantee every large print that is framed. Add a frame for \$200.00

**The Masterpiece** is just that. Your portrait is applied to a real canvas which provides a rich texture and depth to your portrait, stretched onto a sturdy wood frame, and then spray protected to last a life-time (or longer). Dust it with a clean, dry, cloth.

**New! Gallery Wraps.** No framing required. Ready to hang!
