A la Carte Portrait Pricing

Our a la carte pricing offers you the flexibility of selecting any pose and have it printed in any size on one of our three output styles; The Special, The Elite or The Masterpiece.

Each of your portraits will receive our “Special” treatment; individually edited for minor imperfections brighter eyes and teeth, color balanced, and printed on professional quality paper for a beautiful portrait. This is standard for every portrait you select.

The Special is printed on traditional high grade professional photo paper. **The Elite** is printed on high grade professional photo paper, adhered to thick foam core board for stability and spray protected. This output does not need to go under glass. It is easily dusted with a clean, dry cloth. **The Masterpiece** is just that. Your portrait is applied to a real canvas which provides a rich texture and depth to your portrait, stretched onto a sturdy wood frame, and then spray protected to last a life-time (or longer). Dust it with a clean, dry cloth. Regardless of the type of output you select; The Special, The Elite, or The Masterpiece your image will receive individual attention and care for an absolutely beautiful portrait. **New! Gallery Wraps.** Ask us about them and our beautiful **metallic papers.**
